BISHOP POTTER'S FUNERAL.

Bishops of the Episcopal Church from all parts of the country, 400 clergymen of the New York diocese and many from other dioceses will attend the public funeral services of Bishop Henry C. Potter in Grace Church, New York, on Tuesday morning, October 20.

This date will be the twenty-fifth anniversary of Bishop Potter's consecration as bishop. The postponement of the public service until then was due to the absence at the time of the bishop's death of many bishops and clergymen, who were attending a conference in London.

The Rt. Rev. David H. Greer, bishop of New York, will conduct the service. Afterwards there will be a funeral procession to the Cathedral of St John the Divine, on Morningside Heights, where the body of Bishop Potter will be placed in the crypt in front of the altar of Tiffany Chapel. In accordance with the views of Bishop Potter, no flowers will be used either in Grace Church or at the catoedral, except on the altars.

Do not let anyone tell you that something else is just as good as DeWitt's Kidney and Bladder Pills because there isn't anything just as good. Sold by W. F. Creighton & Co.

CONSECRATED BISHOP.

It is explained that seldom is a Jesuit made a bishop in the Catholic Church, the members of the society being almost exclusively teachers and pastors. But precedent was broken yesterday when the Rt. Rev. Laurenus Veres of the Province of Mexico was consecrated bishop at Trinity Church Georgetown, D. C. The ceremony was very solemn and was conducted directly under the orders of the pope at Rome and dignified by the presence of the papal delegate, Diomede Falconio, the nearest representative of the pontiff in America.

More Than Enough is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supple energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise yourdiet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by W. F. Creighton & Co., and Richard Gibson.

SAT ON A PIN.

As the result of sitting upon a pin, which another girl had placed on a seat at a hosiery factory, Esther Horrocks, of Bridgeport, Pa., is an inmate of the hospital, suffering from blood poisoning. The "joke" was perpetrated five weeks ago, and in the first two weeks the injury was not alarming; but for three weeks the young woman has suffered great pain, and her condition is regarded as critical.

DeWitt's Little Early Risers, the famous little liver pills. Sold by W. F. Creigaton & Co.

BIG APPROPRIATION ASKED.

At the coming session of congress the District commissioners will ask for an appropriation of $15,658,045.52, with which to maintain the government of the District during the fiscal year commencing July 1 next. This is $2,000,000 more than they asked for the present year. Of this estimate of the administration's needs $11,101,695.52 is to be applied to current expenditures and the sinking fund. The sum of $4,556,350 is for what is termed extraordinary expenses, such as public improvements and projects.

PRESBYTERIAN SYNOD.

The second day of the one hundred and twenty-first annual session of the Presbyterian Synod of Virginia, which embraces all the Southern Presbyterian churches of this state, Maryland, West Virginia and the District of Columbia, now in session in Roanoke, was taken up with the presentation of reports, receiving of overtures, etc. The reports and overtures all went to their appropriate committees.

Among those who addressed the Synod yesterday was Capt. A. C. Trippe, of Baltimore, a member of the board of trustees of the Synod's Orphan's Home, at Lynchburg, who spoke in behalf of that institution.

Rev. J. W. Rosboro, one of the trustees of the Union Theological Seminary, Richmond, tendered his resignation. He has removed from the jurisdiction of the Synod.

Montgomery Presbytery presented an overture asking a ruling on Sunday travel by ministers, laymen and baseball and football teams.

Last year there were nearly 2,000 farms bought in Virginia, by people from outside the state, the investments amounting to $10,000,000. The population of Virginia is increasing every month. The farmers throughout the state are doing better work and raising finer stock than ever before.

NEW RAISINS, CURRANTS and APRICOTS just received by J. C. MILBURN.

SATURDAY EVENING, OCT. 17, 1908.

THE clergymen of Brooklyn are getting together for a great Hughes demonstration on the last Sunday before election day. It is planned that on that day all ministers in the borough will preach one or more sermons favoring the reelection of the governor. It is explained that this movement is not political but moral. A few years ago a bill was introduced in the Virginia legislature which was explained at length by its patron. Among other things he said the instrument had the endorsement of all the preachers in the city. When the member had taken his seat another delegate arose and said substantially: "If this bill has the sanction of preachers I will vote against it on general principles. If they are averse to it I will vote for it." There may be individuals in New York who will act toward candidates as the Virginian did toward bills sanctioned by ministers.

IF THE supposed postal card canvass of New York State made and recently published by the World is worth the paper it is printed on then Bryan will be elected. Admitting for the sake of argument, that the figures are reliable, it is impossible to see how Chanler, the democratic candidate for governor, can carry the state over Hughes by 193,000 and the head of the ticket lose the state by 15,000. It is not within the bounds of reason that the people of New York, or any other state, would give the democratic candidate for governor 193,000 majority over the republican candidate, and 160,000 of these same people cut the head of the ticket. Mr. Conners' estimate that Bryan will carry the state by 75,000 is more like a reasonable figure, assuming that there is any worth whatever in the World's canvass.

IF WOMEN would refrain from wearing corsets a serious predisposing cause of tuberculosis would be removed, declares Dr. Robert T. Sangiovanni, of New York, who represented the Italian colony of the American metropolis at the recent triennial international tuberculosis congress held in Washington. Dr. Sangiovanni says his theory is based on investigation of the many factors which figure in the assault of the tubercle bacilli on the human system, and says:

I would forbid the use of corsets and belts until the age of 25 years. I would have the petticoats held by suspenders, the corset being the cause of the anemia, which is the predisposing cause to the development of tuberculosis.

Women should take heed.

TO THE accompaniment of a storm of cheers, while the "Red Special" band pounded out at its loudest the strains of the "Marseillaise" Eugene V. Debs, the socialist candidate for the presidency, last night walked up the length of the Richmond Market Armory in Baltimore, to the speaker's stand through a lane of cheering red flag-waving people, both men and women. Such scenes are ominous and cause many law-abiding people to propound the query, "Whither are we drifting?" The strains of the "Marseillaise" rendered under such conditions are frequently suggestive of bloodshed and reproduce to the thoughtful the terrible scenes enacted during the French revolution.

C. L. STAHL state food and dairy inspector, who inspected in Lynchburg for several days, seized a large amount of stock feed and some mistranded fruit flavors in the grocery stores. All of the stuff seized was not branded according to the health regulations, and evidently had been sold there in ignorance of the new regulations. It is believed that if the inspector should visit Alexandria he would make a "haul."

SOME of those misguided people who are struggling to make a living and have a hard time doing it, bluntly state they are republicans. In other words they are willing to continue their condition by voting for the republican party which by legislation favoring trusts and corporations shuts the door of opportunity and hope. One can readily see why the beneficiary of a trust would favor Mr. Taft, but how the average man can do so is hard to understand.

MR TAFT made eleven speeches in Tennessee yesterday being cordially received everywhere. He argued that prosperity in the south depends on the continuance of republican policies!

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Oct. 17.

Confirmation of the press reports from Mexico City, announcing resignation of Mr. Creel as ambassador to the United States, has been received in a semi-official communication to the embassy in this city. It is generally understood that Jose Godoy, the Mexican minister to Cuba, who has been councellor and charge d'affaires the past two years, will be promoted to fill the post.

Over five thousand school children of the District gave President Roosevelt a most enthusiastic ovation today, as he spoke to them at the Ben Greet open-air performance on the White House lawn, for the benefit of the Playground Association.

Paul Morton, president of the Equitable Life Association, of New York, and former secretary of the navy, made a hurried trip to Washington today for a conference with the president. Morton said that political events in New York were gradually shaping themselves for the republicans. When some one jocularly asked him whether he had contributed to the campaign fund, he goodnaturedly rejoined: "Insurance companies are precluded by law from interesting themselves in such matters."

Dr. Luis Anderson, of Costa Rica, who presided over the Central American Peace Conference held in this city last fall, is here on a two fold object. One is to return the courtesy of the United States in sending L. Buchannan to attend the opening of High Court of Justice, established at Catrage, Costa Rica. The other is to take up with the representatives of Panama boundary dispute between Costa Rica and what is now the Panaman republic, and in which American interests are involved.

The "scoop" which the London Times scored today over the American press, in announcing President Roosevelt's intention of visiting England and France, after his African trip, in company with Mrs. Roosevelt is confirmed at the White House. The publication, it is stated, was the result of information imparted by the president to Lord Northcliffe, part owner of the Times, who was a guest at the White House for luncheon on Wednesday. According to present plans, Mrs. Roosevelt will join the president at Khartoum, after the hunting trip, and journey with him northward. The president has accepted an invitation to deliver the Romanes lecture at Oxford, where he will receive the degree of D. C. L., which has already been conferred upon Emperor Wilhelm. In Paris, he has promised to make an address at the Sarbonne. The dates have not yet been fixed, but they will probably be early in 1910.

President Roosevelt this afternoon issued a statement relative to the letter which he recently wrote Representative Lilley, republican candidate for governor of Connecticut, and explaining why he had seen fit at this time to make public his words of approval of Lilley's action while in Congress. The statement followed a conference today between the president and a delegation of Connecticut people. It is as follows: "The president has not interferred as regards the election of particular candidates to office, but the president at any time holds himself at liberty to state the facts as to what he said or did in connection with any man's acts as to which the president has full cognizance. When Mr. Lilley made his speech attacking and exposing certain influences which had worked in connection with securing appropriations for certain navy yards and for certain types of submarine boats, the president read the speech, and expressed to Mr. Lilley in the presence of two of his constituents his hearty approval of the speech in the following language: 'Mr. Lilley, I have read and heartily approve of your speech. You have told a number of needed truths and I thank you for telling them. I wish you success in your career, sir.' The president authorized Mr. Lilley, or any of his constituents who were present, to make public what the president said, and he is exceedingly glad that it was made public."

Miss Anna W. Ansley, daughter of Mr. H. C. Ansley, formerly of Alexandria, will be married this evening at 5 o'clock to Mr. David Shelby Davis, of Chicago, in St. Thomas' Church, Rev. C. Ernest Smith, pastor of the church, will officiate. Mr. R. W. Fuller, uncle of the bride, will be one of the ushers.

News of the Day.

The big rail mills of the Maryland Steel Company at Sparrows Point will have to close down again, unless further orders for steel rails are received.

Oliver Hazard Perry, grandson of Commodore Perry, hero of the battle of Lake Erie, died in Jersey City, yesterday, of apoplexy.

Night riders have commanded E. S. Cooper, a Louisiana cotton planter, to organize a band to prevent the ginning of any more cotton until the price advances.

Elias Hatfield, head of one branch of the family of that name in the noted Hatfield-McCoy feud, is at death's door in Logan county, W. Va. Hatfield suffered a stroke of paralysis the other day, from which he never rallied.

Mrs. Jacob Zimmerman, who was seriously injured in the collision between the milk train and a material train on the W., A. & M. V. Railway recently, is still at the Bliss farm in Fairfax county, her condition being such that she cannot be removed to her home.

Mr. Brooke Chamblin, one of the most prominent farmers, who lives near Bluemont, died yesterday, aged 58 years. Mr. Chamblin was kicked on the head by a colt July 29 and had apparently recovered. Two weeks ago he was partially paralyzed. He leaves a widow, who was Miss Annie Ross, one son and five daughters.

Speeding in Thirteenth street northwest, Washington, at a rate far in excess of the limit, a large touring car, with four passengers, all men, collided with a tree at the foot of the steep incline at Thirteenth street and Florida avenue, northwest, about 10 o'clock last night. The car overturned, throwing all of its occupants to the ground. An explosion followed and destroyed the car, which had already caught fire. The men escaped serious injury.

The Queensboro bridge, across the East river, in New York, which was originally planned to carry six railroad tracks, but for which the plans were changed to provide for eight, will probably have only six. Messrs. Boller and Hodge and Prof. W. H. Burr, of Columbia, named to examine into reports of weakness of the structure, it is said, have found the bridge not strong enough to bear the traffic of eight railway tracks. The bridge has cost more than $12,000,000.

Three Hundred Persons Perish.

Amoy, China, Oct. 17.—Reports received here from Chang Chow say that more than 300 lives were lost in that city during the typhoon of last Thursday.

Bishop Charles D. Williams, of Michigan, and Rev. Bulkley, who were reported missing and who it is feared had been burned in a forest fire, have been located and are safe.

Today's Telegraphic News

Danger of War.

London, Oct. 17.—The greatest war danger in the Balkan situation today, according to the concensus of British diplomatic opinion, is the utter lack of restraint among the populace of the petty Balkan states pending the international conference. All the big powers are willing to await the action of this conference before making a decisive move, but the turbulence of the people in Bulgaria, Servia and Montenegro is such that it is feared some other act will be committed and will precipitate hostilities. Today's dispatches telling of riots in Belgrade are considered ominious for this reason.

Montenegro is bristling with the war spirit and has so far refused to reply to Austria's demand for an explanation of the assembly's warlike message to the Servian Assembly. It is feared that when Montenegro does answer it will be in the form of an armed invasion of Herzegovina.

Information was received today that while King Peter of Servia has not yet abdicated the throne, he is holding himself in readiness to flee at a moment's notice. He is in constant fear of assassination.

Belgrade, Oct. 17.—Servian mobs, burning with resentment towards Austria, added fuel to the war flames today by attempting to lynch the local correspondent of the Vienna Neu Freie Press and attacking a number of Austrian residents. The police rescued the correspondent after he had nearly been killed by the mob. Many Austrian residents are now housed in the Austrian embassy, which is under a heavy guard. Others have armed themselves and barricaded their homes.

The entire city is in turmoil and clashes are reported in a dozen different sections.

The police and troops have been ordered to protect the Austrian residents at any cost.

Proposed Change of Capital.

Paris, Oct. 17.—The French syndicate, headed by M. Lepret, which proposes to build a new Brazilian capital on the most modern lines of any in South America, received assurances today that its proposal was being seriously considered by Brazil. At first Brazilian officialdom paid little attention to the scheme to remove the capital from Rio de Janeiro to the Gopaz plateau, even though article three of the Brazilian constitution provides for the change. The syndicate, however, has stirred up a strong feeling in favor of the change by reason of improved climatic conditions on the plateau, and the project now looks as though it would carry. The greatest obstacle to the execution of the giant scheme is the opposition of the people of Rio de Janeiro, but it is believed that this can be overcome.

The American Fleet.

Tokio, Oct. 17.—A wireless message received today from Admiral Sperry, aboard the flagship Connecticut, says that the fleet will not reach Yokohama until Sunday morning, being delayed a full day by the storms encountered off the north coast of Luzon when three days out from Manila. The delay probably means that the fleet will not reach Tokio until Tuesday. The storm encountered off Luzon was the worst which the fleet has experienced since the cruise began, but it weathered it without serious injury. Two sailors were washed overboard, one of whom was drowned.

A Denial from Hitchcock.

New York, Oct. 17. — Chairman Frank Hitchcock of the republican national committee today denied the assertion of the democrats that they could show an increase of over forty per cent. in their labor vote. "My reports daily show a great change in the attitude of labor and convince me that we will poll our usual percentage of the labor vote throughout the country" said the chairman. The statement that Kansas was surely democratic and that Nebraska was in the debatable column was also repudiated by Mr. Hitchcock.

Mr. Taft in North Carolina.

Salisbury, N. C., Oct. 17.—An audience that filled the Opera House to overflowing greeted Mr. Taft today and 5,000 more citizens attended an open-air meeting to listen to ex-Secretary Shaw in his ten-minute address. Mr. Taft discussed business conditions and asked the voters of North Carolina to "vote as they think." He said he was anxious to see the state take its place at the council boards of the nation by coming into the republican column.

The Missing Aeronauts.

Yarmouth, Oct. 17.—The deaths of Lients. Foertsch and Hummel, the crew of the German balloon Hergesell, were practically assured today by the arrival of the Norwegian steamship Naddod, which brought in the Hergesell. The ballon was found floating, half inflated, 100 miles northwest of Heligoland. No trace of the aeronauts could be found. The only remaining chance of their being alive is that they were rescued by some boat which abandoned the balloon.

Fifty Thousand Dollar Suit.

Raleigh, N. C., Oct. 17.—It is stated here today on what appears to be good authority that ex-Judge Montgomery has instituted suit against Tom Dixon, jr., the author and playwright, for $50,000 for libel. Montgomery made a speech here several weeks ago defending the carpet bag government in this state. Dixon replied denouncing Montgomery in bitter terms.

Guarantee on Postal Banks.

Chicago, Oct. 17.—Bankers throughout the west and middle west have voted on a proposition whether they prefer postal savings banks or the guarantee of the bank deposits. The canvass of the bankers was conducted by the democratic national committee who issued circular putting the proposition up to the bankers. The canvass was conducted by committeeman Wade, of Iowa. Republicans who claim to have seen the returns say they give 1,075 for postals 471 bank guarantee and—265 non-committal. Judge Wade declared today that the figures are just the reverse and that 1,075 favored bank guarantees.

That Col. W. F. Tucker, arrested recently on charges of deserting his wife, Mrs. Mary Logan Tucker, will retire from the army upon his discharge from the Army and Navy Hospital at Hot Springs, Ark., if he recovers sufficiently to leave the institution is the opinion of army officers. It is generally believed Tucker will be allowed to resign, or will be retired as incapacitated for duty.

Prairie Fire Horrors.

Detroit, Mich., Oct. 17.—The forest fires are still raging in Cheboygan, Presque Isle and Alpena counties, according to advices today from fire swept northern Michigan.

Alpena city is again in great danger and Cheboygan is entirely surrounded by fire on the three land sides. The flames are sweeping over great areas hourly, and railroad communication in the burned counties has been practically suspended.

A relief train attempted to make its way out of Cheboygan last night, but was forced to turn back. Many small towns are cut off from communication and may have suffered the fate of Metz.

The survivors of the Metz horror tell heartrending stories of their experience. When the train pulled out of Metz, the the greedy flames were then licking up the town, and in every direction great masses of smoke were rolling up from the burning buildings. The women and children had been loaded in an open steel gondola, so that if the box cars caught fire they would not be confined inside. But two miles out of Metz there was a crunching roar and the engine slipped from the rails at a burned out culvert.

All around the people the flames were rolling up, and before the people could get out the cars the billows of fire swept down on the train and cremated the defenseless women and children lying in the open car. Mothers turned to corpses with their babies clasped in their arms. One woman with a child in each arm leaped from the car and ran shrieking up the track, a moving pillar of fire.

The charred bodies were picked up a hundred feet away from the train when rescuers finally reached the scene of the tragedy.

Sault Ste. Marie, Mich., Oct. 17.—A telephone message early today from Pickford says fires are sweeping the country for a distance of 20 miles between there and Detour, gangs of men making futile efforts to check their progress. Within five miles south of the city the flames are roaring through the tree tops. Reports from up-river, are not satisfactory. Great clouds of smoke arising all along the lakes indicate the fires will be worse today than yesterday.

Detroit, Mich., Oct. 17.—Bishop Charles D. Williams, of Detroit, who is in the fire district of Presque Isle county, is safe at Cheboygon after being fire-bound two days in Hagensville. The bishop escaped from Metz in a buggy shortly before the fire destroyed the town. He had a number of narrow escaped before reaching Cheboygan which is today surrounded on three sides by fires.

Detroit, Mich., Oct. 17.—Reports coming from fire districts this afternoon place the total number of known dead at forty one. In the back county districts, which are now burning, are many people without communication with the railroad and the actual number may be increased far beyond this number. The injured will probably run over 100 and go to 300.

Alpena, Mich., Oct. 17.—It is learned today that in addition to Metz, the towns of Bolton and South Rogers are wiped off the map, leaving several hundred families destitute.

Onaway, Mich., Oct. 17.—At midnight the telegraph operators at LeGrand reported: "The town is doomed. All are moving out and this is the last you will hear from us until we reach a place of safety."

Suicide of Police Justice.

Newark, N. J., Oct. 17.—Police Judge David T. Howell attempted suicide this morning in Branch Brook Park by shooting. He has been removed to a hospital. He will probably die. The shooting is the sequel to a mud-slinging political campaign here. Howell is a democrat. A few days ago Howell was accused in a public speech by Deputy Sheriff Mason. Mason recalled the fact of Howell being a former preacher and a divorced man. Mason was a leader in the recent movement started by Sheriff Sommer. In the midst of the Sommer compaign Police Chief Adams committed suicide by shooting in Branch Brook Park following police revelations. A note left by Judge Howell said he could not stand the campaign criticism. He shot himself twice in the head.

Sheldon's Veracity Questioned.

New York, Oct. 17.—"Republican National Treasurer Sheldon lies and he knows he lies when he says money is not being collected by his agents from brokers in Wall street," said Nathan Straus, the philanthopist merchant prince and chairman of the business Men's League Club, today. "Treasurer Sheldon knows he lies," said Mr. Straus, "when he says the brokers have not been assessed five hundred dollars each by the republican national committee.

The Hains Brothers Indicted.

New York, Oct. 17.—Captain Peter C. Hains and his brother, T. Jenkins Hains, were indicted by the grand jury today for the killing of William E. Annis at the Bayside Yacht Club last August. The indictments charge murder in the first degree against both men.

REV. DR. MANN DECLINES.

Rev. Dr. Alexander Mann, rector of Trinity Church, Boston, has declined the bishopric of Washington.

Rev. Dr. R. H. McKim, president of the diocesan convention which elected the Boston minister bishop of Washington, received a letter from Dr Mann yesterday afternoon in which Dr. Mann announces his declination of the office and gives his reason for so doing. He says he has been in Boston only a short time and that he feels that his work there is still unfinished.

Dr. Mann's declination is the third received by the diocese since the death of Bishop Satterlee. The convention met in May and elected the Right Rev. Charles H. Brent, bishop of the Philippines. But he declined. The convention was reconvened on June 17 and Bishop Brent was re-elected, only to again decline. The convention will probably be reassembled in a few weeks, and for the fourth time the delegates will ballot for a bishop of Washington.

Officers of the recent Episcopal diocesan convention, which elected Rev. Dr. Mann to that office, offered an annual salary of $8,000, the Episcopal residence in Massachusetts avenue, and $1,000 for a secretary and clerk. This remuneration is $3,000 more than the late Bishop Satterlee received. This salary is larger than that paid by any diocese in the United States, with the possible exception of the diocese of New York.

AMUSEMENTS.

The Elite Picture Co. will give its usual Saturday night big show—one hour of moving pictures. Everything new. The show has been drawing big houses owing to the class of pictures that they continue to present nightly. Their pictures are the largest shown in the city, clear and distinct. Their prices remain five cents to all. See their advertisement for today for tonight's show which starts at 7:30.

At the Alexandria Amusement Co's. tonight a beautiful hand colored film entitled "Don Juan" will be presented; also a great comedy entitled "I can't keep cool" and another good film entitled "Uncle's Testament." These are good pictures and should be seen by everyone.

Monday night at the Opera House the Musical Sharplies will give a rare treat to the patrons of that house. They are playing to large houses this week in Richmond and will arrive here Monday morning. There will be a big show tonight.

U. D. C.

The thirteenth annual convention of the Virginia Division, U. D. C., which met at Manassas on Wednesday adjourned yesterday evening. Most of the day was spent on the battlefield.

A resolution offered by Mrs. J. E. Robinson was adopted, directing that a letter be sent from this division to the bereaved family of Gen. Eppa Hunton.

Mrs. E. H. O'Brien, of Alexandria, presented to the convention in the name of Mrs. Ayres, an original impress of the great seal of the Confederacy.

The convention will meet next year at Lexington.

HIGH FINANCE.

A youth of 19, until recently a $12-a-week clerk in a broker's office, was the star witness yesterday in New York at the trial of Charles W. Morse, banker and promoter, who, with Alfred H. Curtis, former president of the National Bank of North America, is charged with having violated the national banking laws. In the testimony of Edward P. Moxey, a government bank examiner, it had been revealed that Leslie E. Whiting had been one of the heaviest borrowers from the National Bank of North America, at one time owing the institution as much as $310,000. There was hardly a week went by in the year of 1907, the testimony showed, that Whiting did not borrow $100,000 or more, giving American Ice stock, principally, as security. It always appeared on the records as presented, however, that the enormous sums of money borrowed by Whiting were credited to the account of Charles W. Morse. During the examination Whiting stated that he could not have paid any one of his notes.

Cascasweet, the well known remedy for babies and children, will quiet the little one in a short time. The ingredients are printed on the bottle. Contains no opiates. Sold by W. F. Creighton & Co.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff and Falling Hair with irritants or oils on which a parasitic germ will prosper is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

Senator Chauncey M. Depew, of New York, will make a four-days' campaigning tour in Virginia, beginning October 26.

Henry Glaize, one of the best-known farmers of Frederick county, fell dead yesterday at the home of his stepmother, Mrs. Mrs. J. Glaize, in Winchester.

Miss May Gibson, daughter of Mr. Edwin Carter Gibson, of Hickory Grove, lower Loudoun county, and George T. Hutchinson, of Washington, were married yesterday at Aldie, in the Presbyterian Church.

Mrs. C. M. Pattie, wife of Deputy Sheriff C. M. Pattie, and her sister, Mrs. Fred Ernst, of Washington, were thrown violently from a buggy while returning to Warrenton yesterday afternoon, both sustaining injuries.

At Chicago last night democratic headquarters gave out a list of contributions to the presidential campaign fund received on October 15, which amount to $6,294. Virginia is reported in this list. Mr. J. S. Barbour having contributed $100.

John H. Averill, jr., son of the late John H. Averill, whose tragic death occurred at Low Moor, last Monday night, was arrested at that place yesterday afternoon, charged with the murder of his father. It is said that on the night of his death the father had requested members of the family not to make any noise, as it disturbed him. There was company present at the time. Words followed; the son left the house, followed by the father, and a few minutes later, it is said, the report of a pistol was heard. Officers who made an investigation declare they have sufficient evidence to convict the son, who is now in jail at Covington.

Ely's Cream Balm has been tried and and found wanting in thousands of homes all over the country. It has won a place in the family medicine closet among the reliable household remedies, where it is kept at hand for use in treating cold in the head just as soon as soon as some member of the household begins the preliminary sneezing or snuffling. It gives immediate relief and a day or two's treatment will put a stop to a cold which might, if not checked, become chronic and run into a bad case of catarrh.

BAN ON ROLLER-SKATING.

Mayor Pfff has issued orders to the police to put a stop to roller-skating on the sidewalks on King street. The practice has been a source of complaint for some time, especially among elderly people and such as suffer from infirmities, and the Mayor by his action is merely enforcing a city law which forbids persons to engage in a pastime dangerous to themselves or others. The late Henry Strauss introduced an ordinance in the Common Council forbidding roller-skating on city pavements, but the Aldermen failed to pass it, the members maintaining that the law referred to above was all that was necessary.

CASE CONTINUED.

Lucy Holmes, colored, last night informed Officers Beach and Rawlett that a young colored man named Mack Jamieson had broken and entered her house, on south Henry street, and ransacked a cupboard. She said she saw Jamieson in her room about midnight. The officers found the accused asleep on an engine in the Southern Railway round house, and when they aroused him he pretended to be drunk. Jamieson was brought before the Police Court this morning and fully identified by the woman. The prisoner alleged he could prove an alibi, averring that he went to sleep on the engine about 11 o'clock. The case was continued in order that people employed in the round house can be summoned.

FERTILIZERS.

Judging from the quantity of fertilizer being shipped from this city to points along the river in Virginia, the farmers in the river counties of the state are preparing to raise large crops next spring for shipment to this and other markets. The fertilizers made in Alexandria have gained a well deserved reputation for excellence and their manufacture and sale are ever on the increase.

COLD WAVE COMING.

Fair and mild weather has prevailed again today. Eleven years ago yesterday the mercury in the thermometer stood at 90°, the maximum for the past twenty years. It is announced by the Weather Bureau that present conditions will prevail for several days, but that the mild weather will be followed by a cold wave.

The weather for the past week has been very much like that of Indian summer. The mercury today registered 80°.

The Elkton has made arrangement for the winter season to entertain those who wish at a private oyster roast and no place is better fitted to take care of its friends than the Elkton. ASSAULTED BY A FOOTPAD.

Mrs. Cora Kelly, wife of Mr. W. H. P. Kelly, with a lady friend yesterday evening visited Mrs. Kate Pulman, Mrs. Kelly's sister, in Fairfax county, a short distance below this city. Mr. Kelly early in the night started for Mrs. Pulman's house in order to escort his wife and her lady friend home, and after he had passed over Hunting creek bridge and was on the southern causeway he met a man who asked him for a match. While Mr. Kelly was in the act of getting a match from his pocket the man struck him a violent blow on the head, knocking him down and stunning him. The footpad seized Mr. Kelly's watch fob with the intention of taking the time piece, but the ring was pulled from the watch and the thief failed to secure it. About this time a buggy was heard approaching and the assailant ran. Mr. Kelly had revived when the buggy reached him, and he requested the two occupants to overtake the man who had assaulted him, but the robber was some distance away by that time and he made his escape. Mr. Kelly believes the footpad used a sandbag on him, as his head was not cut by the blow he received. He could not tell whether the man who assaulted him or the persons in the buggy were white or colored.

NEGRO ATTACKS DEMOCRATS.

Bishop W. B. Derrick, who is in Wheeling, W. Va., as the presiding officer of the annual conference of the African Methodist Episcopal Church, Pittsburg district, attacked the democratic party in a speech which he delivered Thursday night before a large audience of negroes and white people.

"We will not submit to tyranny," said he. "In the great civil war 200,000 black men fought to save the union, and if necessary they will fight again to save the slaves from tyranny."

He said that Andrew Jackson, the idol of democracy, had promised the slaves of New Orleans liberty if they would help defeat the British, and that after many of them had been killed and others wounded Jackson failed to keep the promise.

Derrick referred to the thousands of brave men of the republican party who had given up their lives for the black man.

CHANLER ON THE STAND.

Sensational testimony was promised when John Armstrong Chanler, former husband of Amelie Rives, the authoress, and brother of Lewis Stuyvesant Chanler, the democratic candidate for governor of New York, took the witness stand in Charlottesville yesterday in his own behalf in the sanity proceeding before Commissioner Booth. The object of the suit is to legally establish Chanler's sanity and to recover his fortune which, he alleges, has been confiscated by New York courts.

Mr. Chanler told his life story. He said he was a citizen of Roanake Rapids, N. C., was a lawyer and had written several books. He recently changed his name to the older spelling of Chaloner. He had traveled extensively, he said, in this country, South and Central America and Europe. He said that one of the causes for ill feeling that exists between him and his brothers was that at the time of his engagement to Amelie Rives, the authoress, one of his brothers, Winthrop Astor Chanler, sent him a copy of her book, "The Quick or the Dead?" with hostile criticism marked on the margin in blue pencil. He showed this to his fiancee, the result being that she did not invite his brothers and sisters to the wedding, the single exception being Margaret Livingston Chanler, now Mrs. Richard Aldrich.

PRESERVATION OF FISHERIES.

A vigorous movement for the preservation of the Chesapeake fisheries was inaugurated in Norfolk last night at a meeting of the joint committees from the Board of Trade and the Chamber of Commerce. Members of the State Board of Fisheries were in attendance and answered some searching questions regarding the depletion of the fisheries.

A number of menhaden fishermen from the western shore and eastern shore counties of Virginia appeared at the hearing. Capt. George N. Reed, of Reedsville, Northumberland county, said that the menhaden fishermen do not catch eatable fish. He showed the committee receipts wherein in one season he has bought 2,467 pounds of salt fish for rations for men upon his boats alone.

Lame Back.

SUSPECTED OF MURDER.

George Arthur, of Elliston, aged 22, has been arrested and placed in jail at Pulaski, charged with the murder of Gussie Johnson, whose body was found in a brush pile on the edge of New river, near Belspring, September 17, after having been in the water for some time. At the time of the discovery of the body there was no clew to the murderer, and the identity of the woman was not established for some time. Her skull was crushed and several teeth knocked out On her arm was a tattoo. By this the woman was identified, and the fact that Arthur was seen walking with her along the railroad track near Walton the day before her disappearance, finally led to his arrest. The woman had money, and the prosecution will hold that Arthur killed her for this. It is claimed he had made threats that he would have her money if he had to kill her. The murdered woman came from Bluefield, it is claimed, and was buried on the river bank.

MEETING IN RICHMOND.

The Richmond democrats held a rousing meeting last night in the Academy of Music, with Gov. Claude E. Swanson as the principal speaker.

The governor, in the course of his remarks, took a shot at Speaker Cannon. In discussing his plank in the democratic platform, in regard to a reform in the method and procedure and control of the House of Representative, he said:

"I drew that plank. Under the present conditions in the House of Representatives, as I have learned from long experience there, the speaker is absolute master of all proceedings and controls absolutely the passing or defeating of all bills.

"I can conceive of no greater insult offered the American people than a recent article written by the secretary of Speaker Cannon, in which he boasted that the speaker had refused to permit a bill, petitioned for by three-fourths of the members of Congress, to even be considered by the House. Charles I, of England, lost his head and crown because he refused to permit a majority of parliament to control the affairs of Great Britain, and today in this country, the republican party, in order to aid the trusts, combines and monopolies, destroys absolutely the House of Representatives as a legislative body by putting too much power in the hands of the speaker. It is useless to talk about reform and reform measures until the people, through their representatives, are restored their rights in the House of Representatives. To do this, the democratic party is pledged."

Among other things the governor discussed was the democratic plank regarding the guarantee of bank deposits. He said, in part:

"This country is threatened at any time with a money scare, and the failure of a bank, under present conditions, even in more prosperous times, would produce a fright and precipitate a money panic. The bankers present no solution for this condition, and the republican solution is the creation of postal savings. The postal savings banks will injure a large majority of the banks in the country, and would make every fourth-class postmaster a collecting agency to get vast sums of money for the federal government, which the government will deposit in a few large banks in the money centers.

"The guarantee bank deposit system will be far more favorable to the masses of the people than the postal savings bank system, for it would leave the banking business in the hands of the bankers, and at the same time remove all danger of fright to depositors, which at any time may cause a run, or money scare."

RATE CASE ARGUED.

The Virginia two-cent passenger rate cases reached the argument stage in the Supreme Court of the United States in Washington yesterday. The railroads challenge the order of the State Corporation Commission fixing the rate and attack the law authorizing it to do so as an unconstitutional delegation of power by the state legislature.

Attorney General Anderson, Senator Daniel and Attorney A. C. Braxton appeared for the state, and Alfred P. Thom, general solicitor for the Southern Railway, and Joseph Doran, solicitor for the Norfolk and Western, for the railroads.

Senator Daniel said last night that the case was being fought on the right of Judge Pritchard, of the federal court, to interfere in interstate business, and that if it did it would be doing so contrary to the constitution of the United States, and would be an infringement on states' rights.
